Dear Andrea,

We refer to your application for pre-qualification dated 28 June 2007 with regard to Freeze-tag - 0.5C manufactured by Q-tag AG, BERLINGER & CO. AG, Switzerland.

We have now received the results of the device evaluation and are pleased to inform you that Freeze-tag -0.5C, has been recommended for inclusion on the PQS database of immunization devices and therapeutic devices pre-qualified for procurement by United Nations Agencies. The products will appear in the WHO web site with the following codes:

http://www.who.int/immunization_standards/vaccine_quality/pqs_prequalified_devices/en/index.html

PQS E06/07. Freeze-tag, -0.5C by Q-tag AG, BERLINGER & CO. AG, Switzerland

Finally, we draw your attention again to the terms and conditions and definitions set out in the pre-qualification information pack. Note particularly the requirement that you inform us of any future changes to the device specification or changes to the manufacturing site, and that you notify us of any complaints, product recalls, component defects and other events that may affect the device. Also note that all pre-qualified devices are subjected to annual evaluation which you will be contacted for each annual review by the WHO PQS secretariat.

Yours sincerely,

Dr Ümit Kartoglu
